EMD Weekly Report
For Internal Use Only

ARA Schedule: Internal Personnel (b) (2)

Lean Six Sigma Green Belt Training Opportunity for Region 9 Employees: We have announced the 2017 opportunity for R9 staff and managers to apply to become certified as a LSS green belt. Applicants need to complete the nomination form, obtain approval from their supervisor and division director, and submit a current resume to Vance Fong (R9 LSS Program Manager) by March 15. Green belt candidates must complete a one-week training to be held in the San Francisco regional office May 15 through 19. As a part of the green belt certification process, each candidate will be required to lead or facilitate an improvement team for a closely scoped project.

Time Limit Tables: Federal employees are required to manage schedules and assignments without hitting the pay caps. The FY 2017 Time Limit Tables and Overtime or Compensatory Time Limit Tables for the Locality Pay Areas of San Francisco and Los Angeles were recalculated to reflect pay increases in January 2017. EMD sent the updated tables to timekeepers and On-Scene Coordinators on March 7, 2017.
